

SUSTAINABLE MATERIALS

ACCENT'S ENVIRONMENTAL STEPS

SERVIETTES

100% of our serviettes are made from recycled products.

STRAWS & CUPS

We only use paper straws. We also offer a plastic free hot drinks cup which is fully recyclable.

NO PLASTIC

NO PLASTIC

NO PLASTIC

CUTLERY

Where possible, we don't use plastic cutlery and our wooden cutlery is made from sustainable sources.

RECYCLING & COMPOST

ACCENT'S ENVIRONMENTAL STEPS

WASTE OIL

Our waste oil is recycled and used as bio fuel.

PACKAGING

Our 'clam shell' disposable packaging is made from sugar cane and is compostable. Any rigid plastic containers we use are made from recycled materials.

All of our customer disposables are recyclable or compostable. Our cardboard containers are made from FSC materials and are fully biodegradable.

RECYCLED BOTTLES

ACCENT'S ENVIRONMENTAL STEPS

Our drinks bottles are made from at least 51% rPET plastic, which has the lowest carbon footprint of any alternative packaging.

**applies to Radnor, Springbourne and Aqua Splash bottles.*

It is 100% recyclable and can be remade into bottles with no negative effects.

Bottles can also be recycled to make T shirts, sweaters, fleece jackets, insulation, sleeping bags, carpeting and of course plastic bottles.

It takes 10 bottles to make a T shirt and 63 bottles to make a sweater.

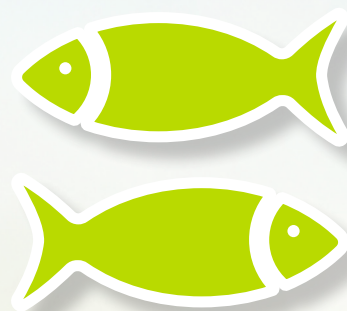

FOOD PROVENANCE

ACCENT'S ENVIRONMENTAL STEPS

100% of our eggs are free range

All our fish is sourced from MCS Sustainable Fish List

100% of our beef and pork is sourced in the UK and is Red Tractor Farm Assured

Over 75% of our fruit and vegetables come from home counties

Our purchasing processes are approved by both The Soil Association and RSPCA Assured
